JAYALAKSHMI S

Data Analyst | Chennai, India

+91 7358528299 | jayal4577@gmail.com | linkedin.com/in/jayalakshmis19 | github.com/Jayalakshmi-Santhanam | Portfolio

Profile Summary

MCA graduate (CGPA 9.5) with hands-on skills in SQL, Python (Pandas, NumPy), Power BI, DAX, and Excel, experienced in data cleaning, exploratory data analysis (EDA), and interactive dashboards. Internship exposure to FastAPI backends and RAG-based document analysis. Seeking an entry-level Data Analyst role to turn business data into clear, actionable insights.

Internship Experience

Neural Transformers.AI, Chennai January 2026 – March 2026
Intern | AI / Legal Document Analytics *Python, FastAPI, RAG, Vector Search*

- **Problem Statement:** Legal contracts are long and unstructured, making manual search and review slow and error-prone.
- **Technical Implementation:** Designed a **Smart PDF Contract Analyzer** using Retrieval-Augmented Generation (RAG) with text chunking, embedding generation, and vector similarity search; built **FastAPI** backend APIs to process and query large document datasets.
- **Business Impact:** Enabled real-time semantic search and Q&A over legal documents, reducing manual document review e□ort.

Projects

City Tra□c Violations Dashboard Power BI, DAX, Dashboards

- Built an interactive **Power BI** dashboard with **DAX-based KPIs** and dynamic filters (day, zone, month-year).
- Surfaced violation trends, accident rates, and severity levels to support city planning decisions.

Smart PDF Contract Analyzer (Live Demo) Python, RAG, FastAPI

- Built an AI-driven contract analysis platform with PDF processing, text chunking, embedding generation, and vector similarity search for context-aware Q&A over legal documents.

Face Recognition Attendance System Python, OpenCV, SQLite

- Built a real-time attendance system using **OpenCV** and deep learning-based face encoding, integrated with SQLite.
- Eliminated manual entry errors through automated In/Out detection with duplicate-prevention logic.

Technical Skills

Business Intelligence	Power BI, DAX, Data Visualization, Dashboards, Reporting
Databases & SQL	SQL, MySQL, Joins, Subqueries, CTEs, Set Operators, Aggregate Functions, Window Functions, Views, Indexes, Query Optimization, Data Modeling
Programming & Analysis	Python (Pandas, NumPy, Matplotlib), Statistics, Exploratory Data Analysis (EDA), Data Cleaning
Tools & Platforms	Microsoft Excel, MS O□ce, FastAPI, OpenCV, Jupyter Notebook, VS Code, GitHub

Education

Master of Computer Applications (MCA), SRMIST 2024 – 2026
CGPA: 9.5

Bachelor of Computer Applications (BCA), St. Anne's Arts and Science College 2021 – 2024
CGPA: 7.32

Certifications

Python for Data Analysis (DA0201EN), IBM SkillsNetwork (via SLA, Chennai) October 2026
Data Analytics (Grade A), SLA, Chennai August 2026

Achievements

- **3rd Prize**, Database Designing Competition, BITSYNC 2.0 (Agurchand Manmull Jain College), demonstrating database modeling and SQL skills.
- First Class with Distinction in English and Tamil Typewriting Certification.
